Draft Will Take Ten Men From Local Area

Ten men from the area of Daly City Draft Board No. 103 will report to local headquarters, Friday, July 9, preceding their induction into the armed forces at San Francisco, Saturday, July 10. This will be the only July call, in as far as the board has been instructed to date.

Mrs. Isabelle Flynn, chief clerk at the city hall office of the board, is on vacation and will return, July 12.

"No Fireworks," Meaning NO Fireworks

When it comes to fireworks, even cap pistols, it's just "no soap" this Fourth of July, according to both Police Chief James G. Reardon and Fire Chief Andrew P. Chesney. On the instruction of military authorities they are making a plea that parents in Daly City preclude the presence of any fireworks, this year. Even the so-called "harmless" firecrackers, sparklers, and caps are definitely "out."

Since the Fourth falls on Sunday, most offices and stores in Daly City will observe the official holiday, Monday, July 5. At the city hall, only the police department will be open; the public library will be closed, as will both branches of the Bank of America here. The Daly City Record will be open, but the Daly City branch post office is slated to be closed.

Due to the Monday, July 5, holiday, the general department of the Daly City Fire department will meet on Tuesday evening, July 6, at 188 Santa Barbara avenue, 8 p. m., instead of on the usual first Monday. The fire commissioners have also set their meeting ahead one day and will convene, Wednesday evening, July 7, at 8 in the city hall, 75 Wellington avenue.

Two Cases Of "Had Been Drinking" - -

Two of the men who elected themselves to the "obstreperous" division of humanity over the weekend will face Judge William J. Sweeney at court, tomorrow, July 2, according to police reports.

At 3:15 a. m., Sunday, June 27, Officers Walter Davis and Bert Wester gave chase to a 1940 Pontiac coupe bowling south on Junipero Serra boulevard in an erratic manner. When stopped by the officers, the driver, Charles Swanston, San Francisco, was found to be under the influence of intoxicating liquor. He was jailed and later released on payment of $50 bail to appear, July 2, at 2 p. m. in court.

At 9:30 p. m., Saturday, June 26, Richard Becker, San Francisco, who was described by officers as "had been drinking," was jailed for calling auxiliary police stationed in front of Ferretti's garage vile names and otherwise disturbing the peace when his car was stopped by the auxiliary. He was released on payment of $15 bail and is to appear, tomorrow at 2 p. m.

Set Meeting Dates For C. D. Council

Arthur J. Bodien, director of Daly City Civilian Defense, announced that the council will now meet every first and third Thursday, 8 p. m. at the city hall, 75 Wellington avenue.

At tonight's session, July 1, plans will be made for a control board test as well as another city-wide drill to examine all branches of civilian defense.

Bodien reported that during Sunday's alert, volunteers stood by in good order despite the fact that the red signal did not come

Farallone Packers Now In First Place

Daly City's Farallone Packers are back in first place in Peninsula Summer Baseball league standings, following last Sunday's game, which they won, 7 to 5, over the last-place Burlingame team.

Packer batters were handcuffed in the Marchbank park contest by their former teammate, "Cookie" Pera, who held them to a sum total of four safeties, while the visitors garnered ten hits. Three of the Farallone hits

Include Substantial Salary Increases, Post-War Planning Fund In Expenditures

At Monday night's council meeting a resolution accepting the proposed budget of expenditures for the city for the fiscal year, 1943-44, as submitted with a letter of transmissal from Mayor A. J. Gaggero, was unanimously adopted. Salient features of the appropriations for the year ending June 30, 1944, were: substantial increases in maximum allowances for salaries of employees in the several departments of the city, with a flat $10 per month raise, or bonus, for all employees who are not on 6 months probationary period, temporary, or part-time; the creation of a water works reserve fund to prepare the city to meet any reasonable emergency requiring cash outlay to insure against water shortages in the future; and a provision to make additions to the unbudgeted reserve for a post-war planning fund, need for which was termed "self-evident."

Cash balance of the city on June 30, 1943, was reported as approximately $20,000 more than on July 30, 1942, and for this reason the increased salaries were recommended to help offset the rising cost of living. The city clerk was instructed to list the bonus separately from the regular salary of each employee since the addition is subject to cancellation when the requirements created by war-time living cease to exist.

The budget contained the following anticipated expenditures to be raised by taxes: general government, $52,950; library maintenance, $4,040; unbudgeted reserve and post-war planning fund, $3,370; water works reserve, $4,980; municipal bonds and interest, $8,096.

Probable tax levy for 1943-44 per $100 valuation will be $1.09 for old city and annex No. 1, 2, and 3, while rate for Annex No. 4 will be $1.0396.

The letter of transmissal stated that the tax rate for 1943-44 will be about as follows, giving a comparison with 1942-43:

	Probable Tax Rate 1943-44	Actual Tax Rate 1942-43
General government	$ .7856	.8075
Library Maintenance	.06	.07
Unbudgeted reserve and post war planning fund	.05	.05
Water works reserve fund	.074	
SUBTOTALS	.9696	.9275
1924 water works bond fund		.054
1937 Fire alarm bond fund	.0074	.0055
1938 City hall bond fund	.043	.043
1941 Fire department improvement bonds	.07	.06
TOTALS	$1.09	$1.09

Pershing Hostess At Service Center

Mrs. Ann Eason announced today that currently hostess duties at the Daly City Servicemen's club, 6201 Mission street, are being handled by General Pershing P. T. A. The unit will be in charge until Saturday, July 3. They have planned a social to conclude their week in charge for Saturday evening. There will be dancing, community singing, and refreshments.

Next week, Crocker P. T. A. will be hostess organization, beginning Sunday, July 4.

Recent donations to the center have included those from Daly City Unit No. 410, American Legion auxiliary; Mr. Nichols; Company No. 1, D. C. F. D., and General Department, D. C. F. D.

Mrs. Eason said that attendance at the club had been heavy, with the boys expressing appreciation for the many facilities provided.

Extend Bargain Rate

As announced last month, effective today, July 1, the subscription rate of The Daly City Record has been increased to 35c per month. Steadily increased costs of production, distribution and supplies have made necessary this first price raise in The Record's history. Single copies purchased at the office will now sell for 10c.

However, because the presently limited circulation staff has been unable, as yet, to call upon all Daly City subscribers, the special bargain rate for paid-in-advance accounts will be extended to and including July 31. And until that date, advance subscriptions will be accepted at $3 per year, and $1.50 for six months, including the leather goods premiums as advertised.

Readers who have not yet taken advantage of this price saving may either pay at the office, 3317 San Jose avenue, or phone RAndolph 3215, and a solicitor will call to take the subscription.

Department Handles Several Grass Fires

Companies No. 1 and 2 of the Daly City Fire department extinguished a grass fire at Woodrow street and Citrus avenue, Friday, June 25, at 3:40 p. m. The alarm was turned in from Box 35.

On Wednesday, June 23, a 5-year-old girl pulled the signal in the fire alarm box at Bellevue and Evergreen avenues. The false alarm needlessly called out Companies No. 1 and 4.

Another false alarm was turned in, Monday, June 28, at 1 a. m. from Box 17 at Mission and Wilson. Companies No. 1, 2, and 4 responded.

War Price And Rationing Board Seeks Aid Of Civilian Volunteers In Program

Miss Genevieve Blue, chief clerk at War Price and Rationing Board No. 83-12-3, which serves the Daly City area, issued an appeal on behalf of the board for volunteer workers to help with the tremendous amount of clerical work involved in getting out the new "A" gasoline books and renewals of "B" and "C" rations. The OPA appropriation can provide for only a minimum staff and the board must always depend upon volunteers to help carry part of the volume of work, Miss Blue explained.

Miss Blue pointed out that the new quarters of the board in the Women's club building at 470 Grand avenue provide pleasant and comfortable working space for the workers. Any amount of time, from one or two hours to several days each week will be deeply appreciated.

Another Daly City man has been named to the rationing board. He is Manuel Schiaffino, 232 Parkview avenue.

In expressing the need for more volunteers, Miss Blue briefly outlined the situation:

"WHAT KIND OF WORK IS THERE TO DO? Some 30,000 basic "A" renewals of gasoline books must be written up and mailed by July 21. That's the big job! Then fifty or more "B" and "C" books for war workers must go out every day. Tire certificates for essential cars must be typed. Sorting and filing of completed applications for all these rations must be kept up-to-date. This is only a small part of the tremendously essential job of the rationing program that keeps our American life on a share alike basis.

"HOW CAN YOU PARTICIPATE? Whether you have had office experience or not, there is work you can do and your volunteer services will be appreciated. We will give you the necessary instructions and training.

"Register with the Civilian Defense council in your community, apply to Miss Blue, chief clerk of the War Price and Rationing board, 470 Grand avenue, South San Francisco, or phone South San Francisco 1073, indicating the time you will be free to serve.

"If two or more people can arrange a time schedule of definite days and hours each week, application can be made for occupational mileage where transportation is a problem and a car must be used.

"Our new quarters provide pleasant and comfortable working space for volunteer workers and we will welcome whatever time you can give."

Red Cross Swim Class To Conclude Tomorrow

Attendance at the Red Cross swimming and water safety campaign classes, which close tomorrow at Jefferson Union high school, has set a new record, this season. On the opening day, June 21, there were 220 in the classes, as compared to 160 on the initial day of the 1942 course.

Marking completion of the campaign, those who have been enrolled in the various lesson groups will dive for pennies thrown into the pool at 10 a. m., Friday, and the program will "wind up" a short time later. Names of persons awarded certificates for successfully finishing the courses will be published in next week's Record.

Although the pool and gymnasium will be closed, Monday, for the observance of Independence Day, they will reopen Tuesday to continue the summer recreation program.

Daily schedule of hours will be from 2 to 5 p. m., and from 7 to 10 p. m., Mondays to Fridays, inclusive. For the afternoon session at the gym, grammar school children will pay 5c, and high school students, 10c. Pool fees will be set at 15c for grammar school children, and 25c for high school students and adults. On Wednesday nights the pool will be reserved for women only.

On Monday, Wednesday, and Friday nights the gym floor will be given over to badminton, and on Tuesday and Thursday nights, to basketball. There is a 10c fee for admission to the floor.

Miss Ella Redkey and Miss Claire Nace are in charge of the recreation program.

Musical Revue On Ice Comes Home

At Winterland For Fifth Successive Year In S. F.

After establishing new attendance records in twenty major cities from coast to coast, the Ice Follies of 1943, the Shipstads' and Johnson's famed musical revue on ice, is back home at Winterland in San Francisco, for the fifth successive year of what the critics have acclaimed "the No. 1 entertainment of the nation."

All previous attendance records have been broken on the current tour of the Ice Follies. Boston, New York, Montreal, Seattle, Philadelphia, Washington and Chicago, set new attendance records in their mammoth ice palaces, and judging by advance interest locally in San Francisco will surpass its attendance record of last season.

Nothing has been spared to make the current edition of the Ice Follies the most spectacular production of its seven year history. Production numbers such as "Nursery Rhymes," "Indian Legend," "Arabian Nights," "Sunday-Go-to-Meeting" and "Dress Parade" combine multi-colored lighting, gorgeous costuming and brilliant decor to make Alladin-like magic of a rapid fire spectacle in motion.

New luminaries of the skating world have been added to the cast of long-time San Francisco favorites. Among the former are the "blonde blitz" Betty Atkinson, the Irish-Canadian beauty, Norah McCarthy, and the Nova Scotia whirlwind, Michael Kirby. Standbys of the Ice Follies who will again grace the Winterland rink are Mae Ross, Roy Shipstad, Bess Ehrhardt, Osborne Colson, Fran Claudet, Eddie Shipstad, Oscar Johnson, Frick and Frack, Ruby and Bobby Maxson, Bobby Widholm, Murray Galbraith, and last but not least the sixty beautiful girls comprising the Ice Follettes.

As a special convenience, so that patrons may fully avail themselves of transportation and other facilities operating under wartime schedule, the nightly performances will commence at 8 p. m. instead of at 8:30 p. m. as in other years.

War Takes No Holiday; Can You?

It's nice to relax in the summer-time but unfortunately war takes no holiday and the need for bandage-makers at the Daly City American Red Cross workroom grows more pressing, according to Mrs. Ruth Morris, who is in charge of the production of bandages and surgical dressings for this community.

Due to the fact that some of the women who served faithfully during the school year must now be at home to care for small children, the number of the workers has hit a new low, Mrs. Morris pointed out. She made an urgent appeal for those women without the responsibility of younger children to volunteer now.

The workroom is open every Monday, Wednesday, and Friday from 10 a. m. to 4 p. m. and any portion of that time a woman can donate will be appreciated. Only requirement by way of equipment is a clean housedress and something to tie over the hair. The workroom is located at Theatre hall, upstairs over the Daly City theatre, Mission near Flournoy.

Niece Of Mrs. Selmi Hears From MacArthur

Nine-year-old Betty Miraglia, niece of **Mrs. Paul G. Selmi**, 39 Wellington avenue, is the proud possessor of a letter from General Douglas MacArthur. She received it, last week, in reply to one she wrote the general enclosing the Crusader's prayer. General MacArthur thanked Betty, who lives in the Marina district of San Francisco, for her letter and said that he had read the prayer to his men. He also autographed her original letter and returned it to her.

Name Emerson Assistant Chief

Warden Jack Emerson, Sector 19, has been named assistant chief air raid warden for Daly City. The appointment was announced at the Friday night, June 25, meeting of the senior air raid wardens at the city hall.

Twenty-two night and four day wardens attended the meeting. Discussion centered around the response of the wardens to the recent blackout. Decision was that turnout during the alert was about 50 per cent effective.

C. E. Dotson suggested that all wardens should notify their senior warden if they are on duty, either before or after the blackout so that an active check on service in each locality may be made. Chief Air Raid Warden Harry Melicker advised his workers to follow the plan.

On Friday, July 9, the senior wardens are inviting all wardens in the city to attend their session at the city hall, beginning at 8 p. m. There will be a guest speaker to discuss first aid.

At the June 25 meeting, the official C. D. registration forms were issued to senior wardens for distribution in their sectors. The forms will serve the dual purpose of reactivating civilian defense lists here and also of providing the federal government with an up-to-date index of workers who are eligible for insurance in the event of injury while on duty.

Youth Drives Car Into Street Light Pole

Lloyd Raymond Gill, San Francisco, 16-year-old motorist was injured when his car ran into a light pole in front of 5975 Mission street, Sunday, June 27, at 4:23 a. m. Company No. 1, D. C. F. D., responded, due to the need for an ambulance.

The injured lad was taken to Alemany hospital and the car towed to Daly City garage.

SUNDAY DINNER Suggestions

A GOOD many ration problems should either disappear or become of minor importance with arrival of summer and its profusion of fresh fruits and vegetables.

If salads are built up with hard boiled eggs, strips of meat or cheese or other nourishing additions, they can frequently be made to serve as the main dish of a summer meal. Thus the load on the ration book is lightened and the family still gets a full supply of vitamins.

this week, according to the A & P Food Service for Homemakers, are berries. New arrivals include honeycantaloupe, cherries, rhubarb, strawdew and honeyball melons, plums, blueberries and raspberries. Plentiful vegetables include spinach, peas, lettuce, carrots, green beans, wax

Most plentiful among the fruits beans and cabbage.

The following menus are planned as suggestions for Sunday dinner:

No. 1
Cabbage and Beet Soup
Mock Lobster Salad
(Use Cooked Fish Fillets)
Celery and Radishes
Hot Muffins
Apple Dumplings
Coffee or Tea

No. 2
Vegetable Soup
Cold Meat Loaf Garnished With Tomato Slices and Stuffed Egg
Potato Chips
Hot Cornbread
Baked Custards With Fresh Strawberry Sauce
Iced Tea

LOCAL GIRL JOINS THE MARINES

Mrs. Evelyn Kennedy, youthful widow of Raymond Kennedy, Daly City flier killed, Sunday, March 28, at a Pacific air base, has joined the U. S. Marine Corps Reserve and was sworn in at San Francisco, June 11. She awaits orders to leave for "boot camp."

Mrs. Kennedy is the daughter of Mr. and Mrs. Peter Ciemoli, proprietors of Colonial cafe, with whom she now makes her home. She is employed as secretary at the Warner Brothers offices in San Francisco.

Mrs. Kennedy said she would like to "carry on for Ray" in giving her reason for leaving a good position to enter the Marine Corps Reserve and "free a Marine to fight."

CITY COUNCIL

(Continued from Page 1)

The 1924 water works bonds matured during 1942-43 and the 1937 fire alarm bond issue will expire during the fiscal year, 1943-44.

Under communications the council was requested by the Daly City Fire department to determine the status of volunteer firemen under civilian defense. The city attorney, F. E. Hoffmann, was requested to supply the desired information. They also asked the council to supply information on the civil service ordinance as it affects volunteer firemen.

Building Inspector A. J. Bodien submitted a report asking that permit to construct a garage on the lot at 45 San Pedro avenue be granted. The council voted its approval.

Councilman Edmund Cavagnaro reported on a curfew ordinance meeting held at South San Francisco, recently. Daly City decided to take no action on the highly controversial curfew plan until further study had been given the problem throughout the county.

No definite plans to provide a summer recreation program at Pershing school were made. It was reported that no agreement with the school board had been reached.

Under new business the old South End Streets project came back into the limelight when Attorney Wilson, representing Hanrahan-Connolly, the contractors, requested the council to grant a reassessment on properties involved in the Garibaldi suit. Some thirty parcels of land are involved. The attorney pointed out that the present litigation is harmful to all and asked that the city take special assessment proceedings to permit a termination of the long-contested matter.

The council declined to pass the resolution permitting the reassessment until they had given the matter further study. Final decision will probably be made at the Monday, July 12, session. The contractor agreed to pay costs that would be involved in the reassessment and to take interest on the bonds at the old 6 per cent rate rather than the 7 per cent the street improvement acts of California allow.

Daly City Theatre Now Showing Drama Of The Skies, "Flight For Freedom"

Within grasp of the happiness she has always craved, a girl faces death for her country's sake, in the dramatic story of "Flight for Freedom," RKO Radio's new adventure-romance of the air with Rosalind Russell and Fred MacMurray in the stellar roles. The exciting drama is now on the screen of the Daly City theatre.

Filmed with the cooperation of the U. S. Navy, the picture reveals the inside story of an elaborate naval secret that could not

Rosalind Russell and Fred MacMurray

have been told until after Pearl Harbor. This story is woven into the film's romance in exciting fashion, and makes up the timely climax of the thrill-laden offering.

Miss Russell plays the part of a famous woman flier, and MacMurray that of a noted pilot in love with her. She, however, can't make up her mind between MacMurray and another man, a plane designer and her former flying instructor, played by Herbert Marshall.

While the matter is still in doubt, she prepares to make a last flight, a round-the-world solo hop in a speedy twin-motored ship. The Navy secretly asks her to change her course when over the Jap mandated islands in the South Pacific and pretend to be lost, so that Navy planes can search the area for her and, while doing so, photograph and map the illegal fortifications the Japs are constructing there in violation of the Versailles treaty.

But at the last moment she learns that the Japs know all about the plan, and are prepared to rescue her themselves and thus block the Navy from its investigations. She has but two choices —either abandon the whole idea, or deliberately fly out and crash to her death so that the Navy can secure the information it will need so desperately in case of a war with Japan. And the choice she makes forms the stirring conclusion to the offering.

Lions Club Holds Joint Meeting

Yesterday, members of the Daly City-Colma Lions club held a joint meeting with the West Portal Lions club at Shorty Roberts Drive Inn. It was a noon luncheon meeting.

On Wednesday, June 23, the local Lions heard Lieutenant Kinzer, of the U. S. Marines, describe the landing of the first Leathernecks on Guadalcanal. His plea was for blood donors to help increase the availability of blood plasma for use of the heroic wounded in this war.

HAPPY BIRTHDAYS

Six years older than the United States, San Francisco is celebrating its 167th birthday anniversary this week. Specifically, the celebration commemorates the arrival on the wind-swept, otherwise uninhabited sand-dunes of what is now San Francisco, of Don Juan Bautista de Anza with his "army" of 30 soldiers and 200 colonists, June 27, 1776.

San Francisco is fortunate in having several birthday anniversaries. Some people observe June 29, the anniversary of the celebration of the first mass by the new arrivals, June 29, 1776. Others consider September 17 the proper date, as the San Francisco presidio was founded, September 17, 1776. Still others date the city's birth from the dedication of Mission Dolores, October 9, 1776.

Whatever the true date, we can congratulate the big Bay city, Queen City of the Pacific, and wish her many happy returns.

IT MUST ALWAYS BE SO

Reports drift back from the fighting fronts which indicate that some of the men in the service believe the government alone has been responsible for production achievements on the home front. Apparently they feel that the government has turned out the record-breaking number of tanks, guns and planes, and therefore it should take over industry, lock, stock and barrel after the war. Erroneous information of this character should be dispelled, even though it is held by only a small minority, for it is upon just such fallacies that the demagogue hinges his appeal.

Private industry is producing the equipment with which to win the war. Private industry is producing nearly seven thousand planes a month. Private industry in this country has done in two years what the dictatorships took a decade to accomplish in the way of preparation for mechanized war. Private industry has built ships—millions of tons of them—faster than they were ever built before.

Government regulates the flow of strategic materials and takes over the finished goods. In between these acts of government, the great bulk of the war effort is being carried on by civilians. The natural resource industries, oil, mining, timber, and electric power, are the starting point in a vast assembly line that terminates on the battlefield. Private enterprise and private citizens keep the line moving. That is the fundamental difference between this country and dictatorships. On the other side of no-man's-land the initiative comes from government. Here the initiative comes from the individual. It must always be so in a free country.

FREEDOM OF WORSHIP

On Thursday, July 1, the Reverend Martin Niemoller, brave Lutheran pastor, begins his seventh year in a German prison camp.

Specifically, he languishes behind barbed wire because he dared to put the law of God before the law of the German fuehrer.

But to thinking men the world over, the case of Martin Niemoller means much more. To every liberty-loving man and woman, this courageous preacher stands as a symbol of the global fight for religious freedom—the right of men to worship as their consciences dictate.

His case means, too, that while the nazis wipe out the Jews and snipe at Catholics and at Protestants, their real aim is to stamp out all Christianity and to substitute Herr Schicklegruber for the Lord.

Hitler rose to power and plotted his war on Christianity by working behind a smokescreen of anti-Semitism. When his campaign of lies succeeded in turning his people against the Jews, he moved against the Catholics, demolishing their churches; putting priests and nuns to death.

Then he confiscated the property of the Christian Scientists and threw their leaders into prison.

Religious freedom is a right of man he will not tolerate for it subordinates him to a Supreme Being.

And so this week there will be many who will pause to think of Pastor Niemoller, imprisoned but not forgotten, a symbol of a principle—an ideal that men will fight and die for to the end of time.

WPB CALLS ON ALL WESTERN HOUSEWIVES TO SALVAGE TIN CANS

Calling on all Western housewives to pass the ammunition in a direct line from the kitchen to the battle front, the WPB salvage division has announced that 10,094,000 pounds of tin cans were reported collected in April from the six Western states for swift conversion to tin and copper metal ingots for war production.

"This train load of tin cans yielded over 3500 tons of copper—enough to make four million brass shells for a 75-MM howitzer, the high-powered anti-tank gun being used to smash the Axis," declared Colonel F. M. Smith, WPB regional salvage manager.

This firing power, however, represents only one-third of the job that the West coast housewives can deliver, since only one of three used tin cans is being saved, according to WPB estimates.

"This means that America's fighting forces are losing the offensive impact of twice the four million shells now being collected each month," Colonel Smith added.

Every Western housewife must realize that their kitchens are arsenals of salvage supplies, and that every tin can must be saved to be sent to war, the WPB salvage official explained.

More than 45,000,000 tin cans formed this 30-day avalanche from the West coast, as they streamed by freight car and truck to the plants at San Francisco and Los Angeles. The processed cans were then shipped to the copper mines of Arizona and Utah, where thousands of tons of copper are being saved each month by the exposure of the cans to chemically impregnated water from the mines.

R. L. Crane jr., Daly City's Salvage for Victory chairman, announces that there will be tin collections in July and August. Date for each month's pickup will be announced shortly. In the meantime, he urged all local housewives to carefully save and prepare every tin can for the collection. He reiterated his plea for the correct preparation of tin cans for salvage. They must be washed, flattened with ends folded in, and have labels removed.

HIGH SCHOOL SERVES SUMMER LUNCHES

Tomorrow, July 2, will conclude the luncheon program for children which has been held at Jefferson Union high school during the Red Cross swimming instruction period, June 21 to July 2 inclusive.

The serving of lunches has been under the direction of Mrs. Grace Nelson, assisted by Mrs. Mary Lambert and Mrs. Lucille Fretwell. Vegetables from the school's Victory garden have been prominently featured on the menus. Among the foods grown right on the grounds were potatoes, beans, zucchini, carrots, beets, lettuce, cabbage, and onions.

The price of the plate lunch has been 10c and included a protein food, a salad, vegetable, and bread. Milk and dessert were extras.

For the rest of the season the cooks will be busy canning for next fall's cafeteria season. The garden on the grounds will supply many a jar of tasty vegetables for next winter.

Application Forms For Renewal Of Gas Ration Coupon Books 'A' Now Available

Application forms for renewal by mail of "A" gasoline ration coupon books are available to motorists at all offices of the California State Automobile association as well as at service stations and rationing boards, beginning Monday, June 28. This servicing of 104,000 members through offices in 35 cities will materially aid the renewal-by-mail procedure for "A" books for automobiles and "D" books for motorcycles, expiring July 21.

The procedure set up by the Office of Price Administration calls for filling out the brief form and mailing it with signed back cover of present "A" book and current tire inspection record to the motorist's local rationing board. New "A" and "D" books will be mailed to applicants by boards.

The procedure is as follows:

1. Pick up application form from any office of the California State Automobile association, any service station or local ration board. (Daly City's rationing board is Board No. 83-12-3, located at 470 Grande avenue, South San Francisco.)

2. Fill out form and mail it to the rationing board together with the signed back cover of the present "A" book, as well as the current tire inspection record showing that proper inspections have been made.

The back cover of the applicant's "A" book now in use will be an important part of the application, since it will be evidence that the owner held a properly issued ration and is entitled to a renewal. Be sure the name and address are written on this cover.

The tire inspection record for the new ration year will be detached by boards from the application form and mailed back to the applicant with the new "A" coupon book.

READING & WRITING

BY Edwin Seaver AND Robin McKown

TIME and time again when a newspaperman tries to write novels, he discovers that his fictional characters are thin and unreal compared to his record of actual happenings. An exception is Ira Wolfert, a Pulitzer Prize winner and author of one of the best of the war correspondent books, "Battle for the Solomons." Now Wolfert has written a novel—"Tucker's People"—which proves him to be one of our best novelists, as well.

IRA WOLFERT

The plot of this story has to do with the policy racket, or numbers game, that reached scandalous proportions in New York a few years ago. The ramifications of this racket were manifold, and revealed a curious mixture of gangsterism and business management. "Tucker's People," however, is not a gangster story in the familiar sense. It is a story of people who are involved in the labyrinth of this kind of setup, human beings caught in a machine of their own making. Tucker, around whom the story is built, is the underworld boss whose word is law among his thousands of underlings.

"Tucker's People" is just about the most powerful first novel written by an American we've read in a long time. Not since the great novels of Theodore Dreiser has anything quite like this book appeared on the American literary scene.

* * *

As recently as two centuries ago in certain countries, a man who had committed suicide could be publicly executed for having murdered himself, writes the eminent psychiatrist Dr. Gregory Zilboorg in his new book, "Mind, Medicine and Man." And in earlier times, horses, sheep, dogs, rats and even worms, grasshoppers and caterpillars could be charged with crimes against mankind, tried in court and sentenced to death for their wicked deeds. "Mind, Medicine and Man" is an absorbing study of what medicine has discovered, in the past fifty years, of man's mental and emotional nature.

Hilary St. George Saunders, official recorder for the Commandos and author of the Book-of-the-Month Club selection, "Combined Operations," is now in this country for a brief visit. In 1938, when he was in Paris, a Frenchwoman who was an amateur clairvoyant told him his fortune. "You will write the greatest best-seller of your time," she said, "and you will receive not a penny in royalties." Saunders was quite willing to believe the first part of the prophecy, but objected strenuously to the second. Nevertheless, it proved uncommonly accurate. Sales of "Combined Operations" and his other government books, "Battle for Britain," "Bomber Command" and "Coastal Command," have reached high in the millions, but all royalties go directly to the British Government.

Let's help our farmer neighbors
with their hauling problems

AMERICA'S farmers have the tremendous responsibility of raising more food this Summer than ever before in the nation's history.

Farm manpower is scarce. Every hour of every farmer's time is vital to victory. Let's help conserve it.

Don't keep any farmer waiting

Owners of stores, operators of markets, warehouses, elevators, terminals and processing plants, can aid substantially in the success of the "Food for Victory" program by expediting the loading and unloading of farm products.

Every farmer is an essential home front soldier. Don't keep him waiting. He has a long way to go and no time to waste.

Studebaker dealers are co-operating

Studebaker dealers go out of their way to help obtain parts for all makes of trucks.

They co-operate further by handling special repair jobs for farmers as fast as possible.

Many Studebaker dealers have special facilities for locating used trucks, that have been idle or in part-time use, for sale to farmers.

Keep your car and truck up to par

All trucks and cars must be kept in good shape to safeguard the nation's vital transportation life lines. And that's especially important this Summer.

Drop in for regular inspections. Studebaker dealers' mechanics are Essential Transportation Workers who can spot and correct truck or car trouble before it becomes serious.

Ask for free copy of Studebaker's valuable, new, 48-page book, "Care and Maintenance of the Farm Truck"—or write Studebaker Truck Division, Dept. N, South Bend, Indiana.

CARELESSNESS starts more than 200,000 forest fires in the United States every year.

Carelessness destroys millions upon millions of feet of timber, now a critical war material. It cripples watersheds that supply hydro-electric power to war industries. And the fighting of forest fires diverts precious labor from factories and farms.

Many persons who start these fires toss away matches and cigarettes that aren't dead out. Many others burn to clear plow land or logging slash or grass or debris and—the fires they started break away into searing, roaring flames that destroy timber, forage, wildlife, and beauty that may never be replaced.

Each of these persons forgot—for a moment. And each thoughtless act was as destructive as if it had been the act of a saboteur.

Maneuvering menus for over the Fourth

If you want to have a holiday with the rest of the family over the Fourth, then do a bit of maneuvering with the menus for the long week end so that you can have some time off too. A little forehanded preparation is all it takes.

MENU STRATEGY

To begin with, plan your menus for the full week end, arranging them so that one day in the kitchen can do the work for two days' eating. Serve the first dinner of the week end hot and family style and for the second day, plan a picnic-style dinner in the backyard, in a nearby park, or in the country.

Next, plan your shopping list in full and do all the shopping for the full week end at one time. As a pattern to follow, we suggest the following menus to be altered to your needs.

FIRST DAY'S MENU
A Roast of your Choice
Mashed Potatoes Cream Gravy
(Make plenty for the next day)
Steamed Asparagus with Sieved Egg Yolk and Vegetable Oil Topping
Hot Bread Butter or Substitute
Deep Dish Berry or Fruit Pie
Beverage

SECOND DAY'S MENU
Sliced Cold Roast on Sandwich Buns with Mustard-Mayonnaise
Mashed Potato Salad
Tomato Cole Slaw
Additional Buns Butter or Substitute
Fresh Fruit or Individual Fruit Pies
Beverage

MENU COMMENTS—As you see, the second day's menu is built on the first day's. Just a few last-minute preparations are needed to turn out a grand picnic-style dinner. That leaves the entire day free to enjoy some leisure. It is easy to entertain using this method, too, because everything is done the day before in one fell swoop. If the crowd is large, then just slice the meat, lay out the buns and makings and let everyone assemble his own sandwiches. Everyone will enjoy the informality of service, and you can enjoy the fun too.

OTHER WEEK END MEALS—When there's a bit of leisure time, as there will be in a number of homes over the Fourth, then plan for the breakfast to be a leisurely affair. That is the essence of luxury for daily workers. Make it a hearty breakfast so that it will hold appetites for a while. Dinner may be a late meal and if another meal is in order, make it a "raid-the-refrigerator" affair.

Remember to include foods for breakfast and snacking on the shopping list. Then you'll be ready to meet any emergency.

GAVE BANKERS PAUSE

Bankers are providing for almost everything military these days, but one popular Army maneuver seems to be beyond their financing capacities.

Take the case of Lem Niboorg. Lem, like many another California civilian, borrowed some money from a Bank of America branch and paid it back on time. The branch manager wrote him that he had established an excellent payment record, and said: "If you need money for any purpose whatsoever do not hesitate to call on us for a discussion of your problem."

Time marched on, and so did Lem—at Uncle Sam's request. He was drafted.

Then the banker received a letter from a corporal at an Army camp in Texas. Said the corporal: "I address this to you in my capacity as manager of Private Lem Niboorg, who is a member of this unit. He recently got a note from you praising him for his honesty and adding the interesting information that you would lend him some jack 'if you need money for any purpose whatsoever.'

"Well, we do. Frankly, we need it badly."

"It's this way. When you enter a crap game you sometime suffer initial reverses and are unable to recoup because you have run out of capital too soon.

"However, if you have a bankroll you can weather these reverses and sometimes make a great deal of sugar by paying careful attention to percentages. So, here's a clear case of needing a banker's aid, particularly when you have just had an experience like Niboorg's when he met a lucky hillbilly on pay night.

"A couple of hundred should put him back in the game, so if you'll rush along the cabbage Niboorg will sign anything you want—practically.

"You surely write a sweet letter. Please rush the $200."

By return mail went the banker's reply. "We have searched our rule book thoroughly," he said, "but these liberal rules do not seem to provide capital for crap games. However, if at any time our institution decides to extend its policy to cover needs such as yours I shall hurry to inform you.

"You, too, write a swell letter."

On Guadalcanal—

"One morning we installed a transformer. At noon a Jap bomb scored a direct hit with a thousand pounder and we couldn't tell which direction it went..."

This is a war in which technical civilian skills are proving invaluable on many fighting fronts.

Down in Guadalcanal, for example, when the U. S. Marines pushed the Japs off the island, a complete electric system was left behind by the fleeing Nips. It had been pretty thoroughly bombed and strafed, but an electrical repair crew from the U. S. Navy Task Force came ashore and went to work.

Day after day and night after night the Jap flyers came back to send bombs crashing down on the men as they repaired the electric system. But skilled hands used to "trouble shooting" back home worked right through the storm of war to put the generators, the transformers and the lines back into service. Now the lights are on, refrigerators are humming and electric razors are trimming beards with electricity from what the boys affectionately call, "The South Seas Light and Power Company".

This company feels particulary proud that two of the valiant electricians were former P. G. and E. employees, Chief Electrician's Mate William J. Evans, a line foreman at Tracy, and Asa S. "Ace" Anthony, an electrician's helper from Emeryville.

As this war goes on, there will no doubt be many stories about the men of this company, who are now more than 2300 strong in the armed forces. Each one is fighting to see that the lights stay bright wherever our flag flies.

Here Are July Dates For Crocker

The following important dates should be noted by members of Crocker P. T. A., according to unit officials:

First, the week beginning July 5, is Crocker's week to have charge of the servicemen's club between the hours of 10 a. m. and 4 p. m. At least two ladies should be there each day. Usually cake or cookies and coffee are served.

On Tuesday, July 6, Mrs. Martha Holzworth will entertain the sewing club at her home, 198 Acton street. On this day the final decision about where the luncheon, July 13, will be held, is to be made. Do not forget the luncheon, and the meeting place, Evergreen avenue and Mission street at 11:30 a. m., July 13.

Wednesday, July 7, will be the day for the ladies of Crocker to help with bandages at the Red Cross. "We fell short last Wednesday, as at least five must be present every week for five weeks in succession," leaders said. Study chairman, Mrs. Eve Hobbs, urges members to cooperate in this class.

Last Tuesday, Mrs. Eva Hall entertained the sewing club of Crocker at her home on Hanover street. Owing to the fact that many of the members are working, the attendance was rather small. Those who attended reported that they had a fine time and delicious refreshments. Mrs. Beatrice Caratti, vice-president, called a meeting of the executive board to discuss plans for the luncheon.

Court St. Mary Plans Whist Game

Mrs. Delia Kelly and Mrs. Lena Walker are co-chairmen in charge of this evening's whist to be given by Court St. Mary No. 1155, C. D. A., at Masonic hall, beginning at 8:30 p. m. They announce many nice prizes, including a cash first award and invite everyone to attend.

A brief business meeting at 7:30 p. m., tonight, July 1, will precede the public whist.

A group of members from Court St. Mary No. 1155, Catholic Daughters of America, attended the installation of officers at Court Salesian in San Francisco, Thursday, June 24.

Among those present were Mrs. Ida Forest, Mrs. Francis Tamony, Mrs. Elizabeth Powers, Mrs. Evelyn Weckerle, Mrs. Angela Johnson, Mrs. Katherine Core, Mrs. Mary Tripity, Mrs. Christine Michelson, Mrs. Grace Bacigalupi, Mrs. Josephine Reardon, and Mrs. Gertrude Johnstone.

For the past week, Court St. Mary members have been hostesses at the servicemen's club, Crocker avenue and Mission street.

Lemon Cake-Top Pudding For The Crowd

By BETTY BARCLAY

NEXT time you plan a church supper or lodge dinner be sure to include Lemon Cake-Top Pudding on the menu as dessert. It's an economical pudding and is easily prepared in large quantities — both chief prerequisites when serving a number of people. What's more, with today's point requirements, this pudding has added benefits in that it requires only small amounts of rationed ingredients.

A factor which must also be taken into consideration when planning a menu for all age groups is the flavor appeal. Lemon flavor has long been universally accepted by young and old and such tangy tartness is an ideal climax to a menu regardless of other courses for it combines well with other taste appeals.

Still another reason why this pudding is a "must" for serving large groups is the fact that it is good as is and needs no sauce or fancy frill to complete the service. That's a time saver you'll agree for often the extra touches require more time than that required to prepare the original dish.

It's always good policy to have prepared a dish in advance of company service so why not begin by surprising the family with it tonight? Here's a recipe for serving four to six and you can easily increase the ingredient amounts for a larger group. Once you've tried this pudding, you'll agree it hits an "all time" record for sheer goodness in taste and ease of preparation. Here 'tis:

Lemon Cake-Top Pudding

Cream:
2 tablespoons flour
¾ cup sugar
1 tablespoon butter
Add:
2 egg yolks, beaten
¼ cup lemon juice
1 cup milk
Fold in:
2 egg whites, stiffly beaten

Bake in an 8-inch unbuttered pudding dish or individual custard cups, set in a pan of warm water. Bake 35 minutes in oven (360 degrees to 375 degrees F.) Will form a cake top with a layer of custard below. Serves 4 to 6.

There will be nice prizes, according to the ladies in charge, and everyone is assured a pleasant evening. Playing begins at 8:30 p. m. at Eagles hall, 6276 Mission street.

William Bellando Weds San Francisco Girl

William Bellando, popular Daly City youth now in the U. S. Navy, claimed Miss Jean Fitzgerald as his bride, Sunday, June 20, at Holy Name church, San Francisco. He was attended at the ceremony, by his two stepbrothers, Joseph and Ray Sullivan, while the bride, who was attired in the traditional white, was attended by her sisters, Miss Audrey Fitzgerald and Miss Alice Fitzgerald.

A large group of friends and relatives witnessed the ceremony and attended the reception which followed at the bride's home, Forty-fourth avenue, San Francisco. The home and church were both beautifully decorated with flowers from Tanforan Florists in Daly City.

Bellando, who is the son of Mr. and Mrs. Peter Bellando, 45 Shakespeare street, is a yeoman third class in the U. S. Navy. He was graduated from Jefferson Union high school and both he and his bride formerly attended San Mateo junior college. He took an active part in Boy Scouting here.

The young couple are now on a honeymoon. Bellando reports back to active duty with his ship, July 6. His brother, Wallace Bellando, was unable to attend the ceremony since he is now stationed in the Aleutians with the U. S. Army.

Meat, with its elements of proteins, B vitamins and minerals, is needed in the balanced diet for servicemen and civilians alike. That's a big reason why today's demands, together with present market conditions, have brought on our rationing program.

We know it's discouraging to try to buy sufficient meat for your family, today. But it is important that the nation's health be maintained so the total war effort may not be hampered.

We dealers have had troubles increased many times over, too. And not the least of these is caused by the genuine interest we take in trying to protect our customers in every way possible. There's nothing we leave undone which may aid in solving your meat-buying problems.
